**COVID-19 CHARITY, DEDICATION BY LEADING ARTISTS OF INDIA
MORE ARTISTS TO BE ANNOUNCED**

**INTRODUCTION TO HOME PAGE OF
FAPI / AAPI / CAPI / IPOF/ BIMDA VIRTUAL CONVENTION:**

Pearson Technology has produced a platform to execute content for the 2020 annual meeting for FAPI, <http://www.fapivirtualcme2020.com>. Pearson technologies has developed virtual platform which will produce the live stream in a live TV show fashion with the ability to do panels. We have created an interactive agenda page that will allow registrants to sign up and receive calendar invites for specific sessions. This will offer interactivity whereby all attendees will be able to ask questions to the presenter either directly or through a moderator. In addition the presenters will have the ability to poll the audience. This virtual platform have exhibit booths which will have branded microsites that can play back video, have an open chat room. The full meeting will be available on demand as soon as the program ends or on a schedule dictated by FAPI.

“This activity has been planned and implemented in accordance with the Essentials Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of AdventHealth Tampa and the FAPI Organization. AdventHealth Tampa is accredited by the Florida Medical Association to Sponsor continuing medical education for physicians. AdventHealth Tampa designates this educational activity for a maximum of 8.5 AMA PRA Category 1 Credits.

Physicians should only claim credit commensurate with the extent of their participation in the activity.”
